Update:

I talked with Scott Jackson this afternoon, and am now invited to the call/meeting, and also touched base with OGC's Sue Stahle, who is also joining the call.

Thanks, Lucita.

Sara, I hope you will be participating in this discussion. Has the Air Program invited you?

Scott: thanks for the heads up on this internal meeting. No new updates, but I will copy you on the minutes from our 12/17/14 meeting with Powertech shortly.

Valois: are you available to sit in on this call at 11 am Thursday? Its right after we all meet to prepare for our next update for Callie.

Douglas

Subject: Dewey Burdock

Hi Douglas,

Below is the information for the upcoming meeting we have with our HQ counterparts in the Office of Air and Radiation's (OAR) Office of Radiation and Indoor Air (ORIA).

This is the meeting I mentioned to Callie in yesterday's 9 am meeting and I'm sending this to you mainly as an FYI. Please let me know if you'd like to attend. Otherwise, I was planning to briefly talk about the UIC permit application using the briefing materials you handed out in the 12/11 pre-brief for Callie. Is that information still somewhat relevant or are there updates from Shaun's meeting with Powertech that I should use instead? Again, I'm not looking to go into a lot of detail on the UIC issues but did want to at least touch on them since that's sort of what brought this meeting about.

Thanks,
Scott
